

CHINESE VILLAGE

FONG FONG TEA PAVILION

Village visitors can spend restful hours over shell like cups of delicious Chinese tea. The restful atmosphere of the Tea Pavilion brings complete relaxation after a day in the village. Your tea will be served within the Pavilion, on it's broad porch or in the tea garden. Delicious Chinese cookies and cakes are served with lotus, coconut, almond, sesame, etc. In the Tea Pavilion there is an elaborate teakwood fountain featuring special fountain creations for those who prefer cooling refreshments. If you have never tasted Lichee Ice Cream and other Chinese flavored creations, you must not miss the Fong Fong fountain.

TEA GARDENS

Rare Chinese plants and shrubs have been imported and transplanted in the village on Treasure Island under the constant care of a corps of gardeners. The many colorful blossoms are in perpetual bloom. Many of the plants and shrubs can be purchased in the Court of Blossoms. Willows, pines, bamboo trees, etc. surround the comfortable lounging chairs in the gardens.

THE PAGODA OPPOSITE OUR TEA PAVILION

Pagodas are commemorative buildings and are a fundamental element in Chinese life as well as oriental architecture and design. The seven story, one hundred fifty foot pagoda at the village is designed after the stately beauty of the dragon pagoda in Shanghai. Traditionally, pagodas are buildings invoking the most favorable influences of wind and water spirits. Thus the ancient gods are present at the village, Treasure Island and the entire San Francisco Bay Area, for a pagoda extends the influence over the entire community it dominates.

The public is invited to visit the Chinese art exhibit on the pagoda's main floor. Here paintings by American born and native Chinese artists will be on exhibition.

FONG - FONG TEA SERVICE

In China the Dragon is a symbol of aristocracy, prestige and long life. Centuries ago, conveyors to houses of royalty developed special teas for the pleasure of their emperors and named them after the dragon to insure exceptional quality and exclusiveness. These fancy teas, made meant only for emperors and imperial connoisseurs, have specially been imported by Fong Fong's for your pleasure.
